SVN Commercial Advisory Group becomes an Association of Independent Doctors corporate sponsor: 3 notes

Written by Anuja Vaidya | Friday, 12 August 2016 00:00

Social sharing

SVN Commercial Advisory Group is the latest corporate sponsor of the Association of Independent Doctors, with a \$10,000 sponsorship.

Here are three notes:

1. The SVN Commercial Advisory Group is a commercial real estate firm focusing on medical office property.
2. Gail Bowden, senior investment advisor with SVN, spearheaded the sponsorship.
3. The Association of Independent Doctors is a national nonprofit trade association that is advocating against consolidation of hospitals and medical groups. It includes 1,000 members.

"We are always looking for partnerships that add value to our doctor members," said Marni Jameson Carey, executive director of AID. "This was a perfect fit, as both of our organizations are committed to helping independent doctors stay that way."
